SECTIONS

- 1) The Preparation
- 2) The Intention Setting instructions
Minimum Prep Time: One evening - Ideally, longer.
- 3) The Water bowl - a prep to do the day-of
- 4) The Post Ceremony

Below is an Intention Setting for you to start in the days leading up to the session.

The minimum time to prep time is: one evening. Though, ideally, longer. - The longer the prep time, the deeper the healing.

This work is very gentle yet powerful. Please make space for yourself for the rest of the day/evening. But, please do not stress if you have things to do. The important thing is to create a space shortly after to have a chance to reflect on the work that has occurred.

The Preparation:

Your homework is to say a sincere prayer before you go to sleep, ie. every night until the Session. An example template is below.

You can pray to any higher spiritual power, ie. Angels, Guides, ancestors, the Universe, etc. This work is not affiliated with any religion, so please don't let semantics get in the way.

Add any other requests to your Intention. It is important to ask no matter of the How.

In the days before the Session, try to rest. Try to get a good night's sleep the night before. You may experience dreams, old memories may surface and coincidences (godwinks) may occur the day before or days before the Session - this means the healing process is already underway.

Please avoid alcohol and any recreational drugs 24 hours before and after the Experience. Try to stay away from junk/processed foods and prepare yourself in any way that feels right for you, such as meditation, yoga, Epsom/Himalayan Pink salt bath or any other spiritual practice that allows you to be in a receptive state.

Intention Setting - Example Template

(To be repeated every evening until the Session.)

I ask to be prepared during dreamtime to receive the healing on _____ .
(Date of Session)

I am calling on _____ and setting
(Your Guides/Angels/Helpers,etc.)

the intention to restore my soul to its original state as was created by divine source at my soul's origination.

I ask that all blocks and restrictions be removed from my soul and being, and that all negative or dissonant energies be neutralized. I ask that all my soul memories and learning experiences associated with these blocks and restrictions be retained. As they are now complete on all levels.

Please release and clear all programs that are not serving my Highest Good that may be running consciously, unconsciously or subconsciously. Close all portal ways not in alignment with my True self expression. And release all Energies that are not working on my behalf.

Shamanic Healing - Post Ceremony

This ceremony must be done following the group healing session. We borrowed energy for the healing and this ceremony, which is performed by each participant, returns energy back to Nature.

Please create space to complete the Post Ceremony **immediately after the Session.**

Need:

- 1) Find a tree or a nice spot in nature
- 2) Your bowl of Water*
- 3) Offering options - choose one or a combination of the below:
 - A handful of nuts
 - A fruit
 - Some tobacco

ENERGY HEALING

To do:

- 1) Stand in front of your tree or spot in nature
- 2) Pour the Water out from your bowl while saying:
"Please receive the energy from this water and transmute it into love and light."
- 3) Put the Offering by the tree/spot in nature
(Does not have to be buried in the ground.)
- 4) Stay by the tree/your nature spot and ask: "How can I ground the healing that took place?" Allow the question to settle and open your heart and mind for any messages/replies back.

***After the Extraction is complete:**

Please exercise caution when dealing with your bowl of Water when the healing is complete.

Please don't:

- Touch the Water
- Drink the Water (obvious, but just to emphasize)
- Dispose of the Water down the sink, or, flush it down toilet

As you make your way outside to your tree/spot in nature, **please travel slowly** so as not to spill the Water. (Otherwise, some of the Energy that was removed from you will return.)

If, for some reason, you must delay the Post Ceremony, please cover your bowl of Water.

Other FYI's - Post Session:

Typical reactions to the Healing:

Some people feel elated and lighter, energetically. after the session.

Some feel quite tired and heavy or agitated/irritated/emotional in the days that follow - In this situation, try to stay in the emotions and acknowledge them, ie. I'm feeling down today or I'm feeling a bit depressed, etc., and make time to feel them and rest.

These are remnants of energies clearing from you. Acknowledging them is important vs. trying to flip the emotion around to a "positive" one, ie. happy, upbeat.
